As the regular season comes to a close and the preparations for the nationals seasons ramps up, there are still a few small tournaments for the Speaking Bobcats. This past weekend, three members of the Ohio University Speech and Debate Team traveled to Columbus, Ohio for the annual Generic tournament. Due to the small entry (three total events for the Bobcats), the Speaking Bobcats did not place in team sweepstakes. Yet all three competitors represented Ohio well, placing in their respective events.

Please join me in congratulating the following students on their recent successes:
